## **DETAILED ACTION**

### ***Reissue Applications***

1. The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.
2. Claims 1-7 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

At the outset, Applicant has now submitted claims 1-7. The record is not however clear which claims are still of record. There seems to be a set with claim 13 and another set with claim 7 being present. While claim 7 is basically a renumbered claim 13, Applicant must positively cancel claim 13 to make the record clear. Otherwise, the record would be confusing since claim 13 would appear to be still pending (i.e. not canceled).

The error specified in the declaration is not proper to the extent the declaration does not comply with MPEP 1414; a reproduction of the claims is not what is needed, but rather applicant must point to a word or phrase being added to or deleted from the claims. More important, claim 1 has been amended to change "the" to "a". However, this stated error in the declaration is not a reissueable error. Additionally, merely adding dependent claim 7 does not also fix any error that makes the patent wholly or

partly inoperative or invalid by reason of claiming more (too narrowly) or less (too broadly) than the patentee had a right to claim.
